

MULTI FUNCTION CAP /SHIRT EMBROIDERY MACHINE SERIES

SINGLE HEAD or MULTI-HEAD

DIVERSIFIED MODEL

Unlock limitless creative possibilities with our diverse range of embroidery solutions. Express yourself on a variety of projects.

DIVERSIFIED APPLICATION

From fashion boutiques to hobbyists, customize anything with our versatile embroidery solutions. Explore diverse applications and optional devices to unlock stunning results on clothing, hats, bags, and more.

NEW TECHNOLOGY EXTEND

Dive into a world of creative possibilities with our new machine! Independent pressure technology opens doors to embroidering on diverse materials

Embrace a world of creative freedom with our versatile embroidery solutions. Personalize anything, anywhere, with endless possibilities that fit your needs, home or business.

FEATURES

- Unleash endless embroidery possibilities with our versatile machine! Master any project, from intricate details on hats and shoes to stunning designs on finished garments and bags.
- Conquer any surface: Tackle flat projects, caps, garments, shoes, bags, and more with various hoop sizes and attachments.
- Explore embroidery on T-shirts, sweaters, and other apparel with ease.
- Portable power: Enjoy a lightweight design and stable structure for seamless embroidery on the go.
- Exceptional control: Navigate your designs with precision using the 270° wide-angle cap system and high-definition touchscreen.
- Creativity unleashed: Effortlessly embellish your designs with sequins, cording, beads, and more with the easy-to-use hooping and effect-adding features.
- Advanced accuracy: Achieve perfect placement with the built-in LED light and reliable position determination system.
- Endless options: Explore a wide range of embroidery possibilities with numerous built-in designs, optional equipment, and support for various embroidery needs.
- Blazing speed: Work efficiently with speeds of 120 stitches per minute.
- Global appeal: Communicate seamlessly with multi-language support.

APPLICATION

Unleash creativity and personalize diverse applications with the compact and commercial-grade SINSIM Tubular Embroidery Machine. Ideal for fashion boutiques, custom embroidery businesses, family crafting enthusiasts, and educational institutions, this versatile machine empowers entrepreneurs and hobbyists alike to tackle finished hats, garments, and countless other embroidery projects.

MULTI FUNCTION CAP /SHIRT EMBROIDERY MACHINE SERIES

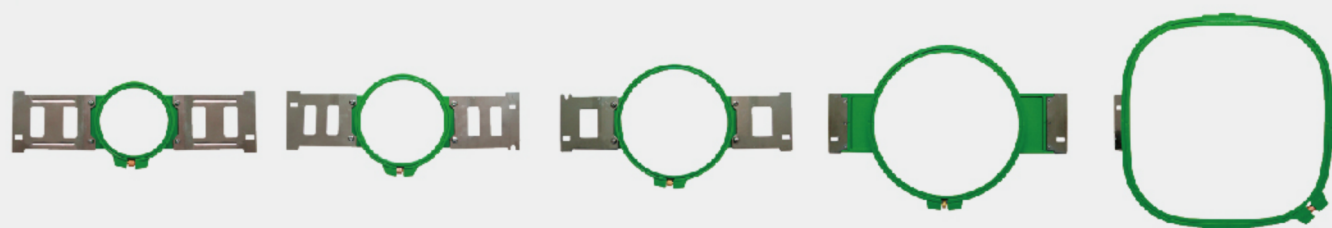

SINGLE HEAD or MULTI-HEAD

NETWORK FUNCTION

Supercharge your embroidery production with our advanced network technology! Connect as many machines as needed for ultimate flexibility. Embroider the same design on all machines simultaneously for unmatched efficiency, or personalize with different designs on each machine – the choice is yours!

T-SHIRT HOOPS
